The Xtreme Outlaws 250 was a great race! Even qualifying was extra exciting with Koenig Racing driver Troy Robinson pushing so hard he put our Total Chaos Toyota up on two wheels for a long, long way. (See in-cab photo below)

Team owner Mike Koenig was in the driver's seat for the first two laps.

"Halfway through lap one we caught up to three other Group T trucks. From then on it was thirty miles of bumper-to-bumper action going up rocky hill climbs so close to each other rocks were flying through the windshield. It's amazing what we hit with the Goodyear tires and no flats, and we'd already ran a 400 mile race on them! Finally, I got past one guy and then another. Near the start of lap two we passed one more on the inside as he put it up on two wheels. Then, still in the dust of a truck we were chasing down, he suddenly gets stuck in a tree trying to pass a Class 11 car. We make the pass and boogie down to the end of the second lap, fifth overall and first in class by five minutes ready for the driver change..."

Now Troy "Bicycle Man" Robinson was behind the wheel. "We were flying right up until we came to the first hill climb. A Class 9 car was stuck right smack in the MIDDLE of the road. We tried slipping past on the low side but our race truck slid off the track and got stuck right on the edge of a cliff. Our only choice was to slowly back down the cliff itself. Finally back on the course, a mystery vibration was making the whole truck shake at anything over 54 mph. But we never gave up and fought our way back, winding up fourth in class."

The first ever VORRA-sanctioned Xtreme Outlaws 250 was a blast for us, thanks to our great sponsors, Total Chaos, Goodyear, Currie, Desert People Films, Doug Thorley, King Shocks, Off Road Warehouse, and of course all the great team members of Koenig Racing. See you at Fallon!

NEXT RACE: VORRA FALLON NIGHT RACE, JULY 16-18
